SURVEILLANCE ROBOT

Grab the Knowledge About Surveillance Camera

**Robots are changing the world. Robots are great. Robots with eyes are even better!
In this workshop, you will build one such surveillance robot that can be controlled from a remote location and capture live video footage. This course teaches you Programming too.**

- Introduction to Robotics
- Introduction to Surveillance Robot
- Uses of Surveillance Robot
- Introduction to Arduino & IDE
- Introduction to APP inverter
- How to create your own Application
- How to design a Circuit
- How to Design a Robot
